CHINT Electrics

CHINT is currently the leading player in the Low-voltage electrical industries in China. Its sales turnover was 2.4 Billion US dollars by the end of year 2006.

In the year of 2006, CHINT ranked 15th in the list of top 100 Companies released by Forbes, which were appraised from all private companies (both listed as public and not) in China. CHINT was also nominated as National Well-known Trademark, one of the most prestigious honors for outstanding enterprises by China State Administration of Industry and Commerce.

CHINT was founded in July 1984 in Wenzhou. In the last 23 years, CHINT has expanded from a home workshop of 7 workers to a leading manufacturer of electrical products, with six specialized branches, more than 50 holding companies, over 800 specialized cooperative partners and 15,000 employees.

CHINT has become one of most active players in the global electrical industry. The Company has so far passed the certification of ISO9001, ISO14001 and OHSAS18001. Many of CHINT products have also been certified via some influential international certificates, such as CE, DNV, KEMA, ASTA, VDE, TÜV, SEMKO, FIMKO, CCC, EK, ESC, SNI, UKRtest, PCT, RCC, SLSI, UL, CSA, etc.

CHINT was conferred National Quality Management Award in 2004, which was the only private company to achieve the most prestigious title of quality management in the year.

CHINT has established a sound sales network composed of more than 2,000 agents and project managers through China. Meanwhile, the Company has set up branches or regional offices in USA, U.A.E, Germany, Russia, Brazil, Ukraine, Hong Kong, UK. CHINT has been making an International sales network comprising more than 70 agents, sole distributors, secondary distributors and local partners all over the world.

In a dynamic and ever-changing world, CHINT determines to march further into the global market. With its state-of-the-art technologies, production expertise and the emphasis on innovation, CHINT is anticipating more co-operations with diversified partners domestically and abroad, hoping to bring more power and light into every corner of the world.
